To sum it up, I felt a Wood Burning Stove Insert had the most positives out of all of my options (and I thought about this for a solid year).. I know there are many energy efficient fireplaces that may not have the same problems.. I ended up going with the Country Performer Wood Stove Insert (by Lennox) The advantages of purchasing a unit like this go on forever...So that's it.. I will be sure to update this post once we are further into this seasons winter months with long-term results..
